THE CPOF NATIONAL HONOR GUARD . . .

... was once again invited to attend Canada's Annual Memorial Ceremony in 2019 that takes place each year in Ottawa, Ontario, Canada's Capital. The event took place on the grounds in front of Parliament Hill, one of Canada's historic Monuments. Members of the CPOF National Honor Guard (see above) marched in formation with Canada's Honor Guard.

At this ceremony Correctional Officer Lesa Zoerb, EOW October 7, 2018, from Okimaw Ohci Healing Lodge was honored.

Canada's Honor Guard attends the CPOF's Annual Memorial Ceremony at Project 2000 each year.

THE CPO FOUNDATION NATIONAL HONOR GUARD

My name is Steve Dizmon, retired from the California Department of Corrections and National Honor Guard Commander for 17 years. I was asked to write about how the Correctional Peace Officers Foundation National Honor Guard was formed.

In 1990, The Correctional Peace Officers
Foundation (CPOF) began hosting an annual four-day gathering for Correctional Officers and families called
Project 2000. The focal event of that Project, and of every Project 2000 gathering since, is a National
Memorial Ceremony to recognize those men and women in the Corrections profession who lost their lives in the line of duty in the preceding year.
Surviving family members are invited as honored guests of the CPO Foundation, and Honor Guards from Correctional Facilities or Departments across the nation participate in the Memorial Ceremony.

As I mentioned, from 1990 to 2007, I was the Commander who organized the Honor Guards that attended Project. After **Project 2000 XVIII** in 2007 in Philadelphia, CPOF Board of Directors Secretary Mr. Larry Corby approached me and said we needed to form a CPOF **National** Honor Guard with our own uniforms and colors. He commissioned me then and there to get it done!

Thus, at Project 2000 XIX in 2008 in San Francisco, California we advertised that we were interviewing candidates for the CPOF National Honor Guard. Thirty Correctional Officers filed an application; nine were selected: two from California, two from Nevada, two from Mississippi, two from New York and one from Pennsylvania. In February 2009 the nine recruits reported to CPOF Headquarters in Sacramento, California for uniform fittings and National Honor Guard training.

The CPOF National Honor Guard, all ten of us, made our debut with our black uniforms and gold piping at Project 2000 XX in 2009 in Colorado Springs, Colorado. The Memorial Ceremony took place at "America the Beautiful Park." Pike's Peak is prominent in the background, while the park's unique sculpture, a slowly rotating circular fountain, provided a dramatic setting for our ceremony. With flags

billowing in the wind, accoutrements glinting in the sun, and the 21-gun rifle volley followed by the playing of "Taps," I was proud of our National Honor Guard. From that time on I was honored with the title of the Correctional Peace Officers Foundation National Honor Guard Commander.

Over the next ten CPOF Project events – 2000 XXI in Buffalo through 2000 XXX in Louisville -- we recruited fifteen more Officers for a total of 24 Honor Guard members, plus five Bagpipers. The troops are not compensated in any way -- they burn their own time to attend the National Memorial Ceremonies and to participate in annual training sessions at the CPOF Headquarters in Sacramento, California.

The troops have dedicated many hours improving the National Honor Guard. I am immensely proud of them because they now have national recognition for professionalism and talent, and have learned to serve as ambassadors to the public, present a positive image of our profession, and demonstrate love and compassion for the surviving families.

The National Honor Guard would not exist without the help and backing of the CPO Foundation Board of Directors. As noted above, one of the Directors, Mr. Larry Corby, was the leading force behind establishing an Honor Guard and with his assistance the Honor Guard came to be recognized as the only Corrections National Honor Guard. Of course, we could not succeed without Rachel Lee. CPOF Office Administrator, and the CPOF Headquarters Staff. Also, you probably have heard the saying that behind every good man is a better woman. Well, another driving force that kept me organized and determined was my wife, Linda Dizmon, also a member of the Honor Guard. She kept me focused and assisted me several times as we navigated various issues throughout various Project events.

Over time members of the National Honor Guard came and went for various reasons, but the supervisory staff was stable. Through the years they did more and more of the actual training and carried the workload, while increasingly all I did was supervise. Then in the fall of the year 2019 I realized I needed to step down and surrender my sword to a new Commander. This

THE CPO FOUNDATION NATIONAL HONOR GUARD

was a difficult decision to make but make it I did and tendered my resignation to the CPOF Board of Directors on November 7, 2019.

I recommended that a retired Captain from the State of Massachusetts Honor Guard, Raymond Gonsalves Jr., be appointed as the new Correctional Peace Officers Foundation Honor Guard Commander. Ray has the knowledge and talent to lead the Honor Guard to higher goals. Recognizing these qualities, the CPOF Board approved my recommendation.

Commander Gonsalves Jr. will be true and in all ways live up to the CPO Foundation's motto: "Taking Care of Our Own."

The Legacy continues ...

by Char

On January 24, 2020 another class, numbering 228, of dedicated young men and women (pictures above) joined the field of Law Enforcement and became sworn Correctional Peace Officers with the California Department of Corrections and Rehabilitation. To be a strong Officer you must possess core values of Integrity, Honor, Loyalty, Character and Respect. A part of the Code of Ethics says that, as an Officer, "You must maintain courageous calm in the face of danger."

Among those brave new Correctional Officers is a young man who has displayed those core values and so much more. He is Correctional Peace Officer Steven Gonzalez.

Steven is no stranger to Law Enforcement, as he has many family members who serve or have served in Law Enforcement. They include his father, Correctional Officer Manuel Gonzalez Jr. (pictured below), who sadly on January 10, 2005

was brutally murdered inside the walls of the California Institution for Men. Steven was 17 years old at the time and grieved alongside his

brothers, sisters and other members of his family. Steven's older brother, Mark, later became an El Monte, California Police Officer.

After the murder of Correctional Officer Manuel Gonzalez Jr., Steven's Uncle David decided to honor his brother by becoming a Correctional Officer; he now serves as a Parole Agent. One of Steven's cousins, David Jaimez, also joined the CDCR to carry on his family's legacy. Now on January 24 the Gonzalez family welcomed their newest member to the Law Enforcement Family. Steven was presented his father's badge on stage and he wears it proudly.

CPOF was honored to be there 15 years ago after the tragic loss of Steven's father and to have them as part of our CPOF family ever since. It has been wonderful to watch the children of fallen Officer Gonzalez Jr. grow up and pursue their dreams. I know their father is looking down with pride and watching over each of them.

More on Law Enforcement "Legacy" families: In 1996 Youth Counselor Ineasie Baker, was murdered at YTS (Youth Training School) in Chino, California. Her daughter, Tiffany, joined the Corrections Profession in 1997. At her CDC graduation her dad, retired Correctional Officer Don Baker, pinned her badge on her uniform, another touching moment. Tiffany started her career at California Institution for Women in April of 1999 and became a Parole Agent in February of 2002. In May of 2019 she promoted up the Parole

In 1997 Senior C/O Fred Baker was murdered at Bayside State Prison in New Jersey. His son, Jason Baker, joined Law Enforcement and is proudly serving as a New Jersey State Trooper. I often attended the anniversary of Sr. C/O Baker's death, enjoying the memorial ceremony and celebration afterward.

In 1985, right after we received our 501 (c) (3) status with the IRS, Sergeant Howell (Hal)
Burchfield was murdered at San Quentin State
Prison in California. Sgt. Burchfield left a wife,
Barbara, and five children. CPOF was blessed to
have Barbara work for us for many years until
she had to take a medical retirement. Hal's eldest
daughter, Marjorie, became a Correctional Peace
Officer and is currently working at Folsom State
Prison. Marjorie has told me that she will be

retiring this October.

In 2010, Sr. Corrections Officer John Paskewicz Sr. of Maine Correctional Center suffered a fatal heart attack during a training exercise. His son, John Paskewicz Jr., is a Sergeant at Maine CC and was with his father when the heart attack occurred.

Going back many years to 1965, Correctional Officer Clifford Grogan Sr. was killed at SCI Pittsburgh, Pennsylvania. His son, Clifford Jr., became a C/O and worked at the same facility as his father. Cliff Jr. is now retired. And, although she wasn't a C/O, Cliff's sister, Diane, also worked at SCI Pittsburgh for many years.

Good Luck and Stay Safe!

A Letter from UTAH

December 25, 2019 CPO Foundation,

My name is Lt. Mark A. Ziolkowski and I work for the Utah Department of Corrections. I went through the Fred House Academy in 2004. It was while I was attending the academy that I first learned the story of Lt. Fred House. We watched a documentary that detailed his career with UDC and the incident that led to his "ultimate sacrifice.* This story, combined with other personal experiences, helped me to discover that I wanted to make Corrections my career.

I never knew about the CPO Foundation and the great work all of you accomplish until I was selected by my Deputy Warden to assist him while he was co-chairing a Deputy Wardens Conference in Park City, Utah. It was at this conference that I met Christine House-Paster. She was introduced by the now Warden Shane Nelson. I learned about the Correctional Peace Officers Foundation from Christine and knew right away that I wanted to be a part of this great organization and its important mission.

Never did I imagine that I would need any assistance of my own -- I only wanted to join to help others!

This past October I started to have major issues with my gallbladder. It was only later, after it was removed, that I learned it had been chronically infected and inflamed. This required me to have the surgery even when it is not the safest thing for me. I have had two previous pulmonary embolisms and I am on blood thinners that I will

have to take for the rest of my life. So, I was very nervous about the surgery but I had no choice. Sure enough, three weeks out of surgery I learned through some leg pain at the ER that I had deep vein thrombosis. The next day I began having chest pain and again had to go to the ER where I found out that I had another blood clot in my right lung. This caused a lot of pain and difficulty breathing for the third time in my life. It has been more painful with each occurrence.

With all the doctor visits, surgery and three ER visits we began to worry about how we were going to pay all the bills. One of the hardest things to do, at least for me, is to ask for help. I knew about the Foundation's catastrophic assistance program but I did not want to put in for it. I felt I might be taking funds away from someone else who might need it more. Even so, I emailed Christine House-Paster whom I had already met and spoken with on two previous visits. She made me feel important and that my request was important. It was so nice to be assured that my need was "OK" and that I would not be taking aid away from anyone else.

The Foundation provided some wonderful relief during a very stressful Holiday Season this year for my family and me that we will never forget. I want to express my deep appreciation for all that the Foundation is and does for every Correctional professional across the country!!

Lt. Mark A Ziolkowski and Family Nephi, Utah

*Lieutenant Fred House was shot and killed on January 28, 1988 while participating in a tactical raid to end a standoff. A man had blown up an LDS Ward House using 87 sticks of dynamite. The man, along with his two wives, nine children and other family members, barricaded themselves in their home compound for 13 days. After waiting for several days while mediators tried and failed to resolve the situation, Lt. House and a tactical team from the FBI advanced upon the compound. It was then that John Timothy Singer fired upon the Officers, fatally wounding Lt. House. Singer served 25 years in prison.

Lieutenant House's widow, Ann, volunteered for the CPO Foundation for many years as a Utah Representative. As such, Ann regularly attended **Project 2000**, the CPOF's annual gathering and Memorial Ceremony held each June in different cities around the country. Her three children, Seth, Janneke and Christy, attended these June gatherings as well until reaching adulthood. Christy (Christine House-Paster) is now the CPO Foundation's Utah Representative.

Dear CPOF,

Last April, I suddenly lost the use of my left leg. I was admitted to the hospital and underwent emergency spinal surgery. This was unexpected to say the least and something we hadn't planned for. Thankfully the surgery was a success and I have since regained almost full use of my leg.

I would like to thank CPOF for being there for us during a period of such uncertainty. Your generous gift was put to good use in offsetting our expenses. I pray that this will be the first and last time we will benefit from your generosity but we are so thankful for it.

Thank you from the bottom of our hearts for all you've done and all you continue to do for our families.

Correctional Analyst Teresa Throop who works in Administration at Pelican Bay SP was diagnosed with cancer in March of 2020. She had been traveling to Portland, Oregon for treatments.

C/O Mark Ziegler, also of Pelican Bay SP and a Supporting Member, had surgery in June of 2019 to remove cancerous growths from one of his feet. A CAT scan after the surgery revealed that the cancer had spread to his bones, including his femur, spine and clavicle. Sadly, the extent of the metastization was such that C/O Ziegler could not survive and he passed away in September of 2019. His widow, Sabrina, received a CPOF bereavement assistance check to help with the funeral expenses. Above: C/O Ziegler with Sabrina and their five children: Ayden, Ava, Annika, Abby and Aric.

Sergeant Lauren Lee ~ EOW: December 12, 2019

On December 21, 2019 a Going Home celebration was held for Lauren Lee, Correctional Officer Sergeant from Zephyrhills Correctional Institution, a fallen hero. Lauren Lee was a Correctional Officer who lost her life at the hands of a drunk driver. On December 12, 2019 she was on her way home from work to enjoy a three-day weekend. Sadly, she never made it to her earthly home.

Hundreds of friends, family and coworkers, along with Officers from local Sheriff Offices and Police Departments attended the celebration, as well as over 100 Correctional Staff that she had worked with. As I sat and

Jeffrey Eaton, all of the Sumter CI Honor Guard; William Stranahan, CPOF National Honor Guard; and Jim Freeman, CPOF Florida Field Representative.

listened to the family members, friends and co-workers who spoke, there was no doubt that Sergeant Lee was special not only to each and every person present, but also, it seemed, to each and every person she had come in contact with on her life journey.

William Stranahan and Sergeant Tommy Ewell represented the CPOF National Honor Guard. CPOF Florida Field Representative Jim Freeman was present as well to pay last respects to Sergeant Lauren Lee.

From Jim Freeman:

On behalf of the CPOF Board of Directors and its Supporting Members, we were honored to present an assistance check to Region II Correctional Services Consultant Matthew Daly. Matt has been dealing with some medical issues over the past several months.

We will keep Matt and his family in our thoughts and prayers while on his medical journey.

C/O Robert Olsen, pictured at left, was a Supporting Member at FCC Florence. On September 10, 2019 C/O Olsen collapsed in the institution's parking lot and was found unconscious. He was transported to the hospital where he spent 13 days in ICU, then several days in a "step down" room. He was sent home but soon was readmitted to the hospital for several more days.

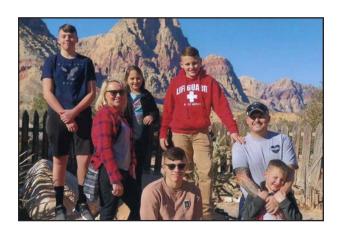

C/O Olsen, his family's only source of income, was unable to return to work and was very weak and sick. He was scheduled to have a biopsy on November 7, 2019 but, sadly, passed away on October 25, 2019.

Information Technician Christopher Ducote is a Supporting Member at FCC Oakdale. In August of 2019 his (then) three-year-old daughter, Charlee, was diagnosed with Status Epilepticus, a condition that

causes severe seizures. Charlee was put on seizure medications that she had to take three times daily. She had to see a specialist at MD Anderson Children's Hospital in Houston, 258 miles from home. Vanessa Gautreaux recommended assistance for IT Ducote to help with the many expenses incurred from traveling to and from the hospital.

To the CPOF,

Words cannot express our appreciation for the check and gift cards. This is truly a blessing to us! I was devastated when I heard the diagnosis of breast cancer, but your kindness has brightened my spirits.

Thank you so much, Stephanie & Evan Rhodes

Dear Ms. Blakley,

My name is Anthony Valencia. I am a Senior Officer at the Federal Correctional Complex in Lompoc, CA. One of our many duties as Correctional Officers is to provide supervision, care and correctional treatment of inmates. Therefore, I am qualified as a Basic Prisoner Transportation (BPT) Officer and member of the Disturbance Control Team.

My daughter, Aria Valencia, is five years old. Aria was born with Transesophageal Fistula (TEF), a rare condition that was not diagnosed before birth. It is a rare birth defect in which the esophagus (the tube that connects the throat with the stomach) does not develop normally. My daughter had her first surgery at two days old to repair her esophagus. It is hard for TEF babies to drink anything, let alone eat anything when they get older. Her next surgery was the insertion of a gastronomy tube (G-tube). It's a tube inserted through the belly that brings nutrition directly to her stomach. It's one of the ways to make sure kids who have trouble eating to get the fluids and calories that they need to grow. Aria is

now, at the age of five, eating more and more each day. She has come a long way and I know soon she will not have to depend on her G-tube.

We were under the impression that our insurance was going to cover more than it actually did for my daughter's medical supplies. It turned out to be an error in the billing departments.

On behalf of my family and myself, we are honored for the generous donation we received from the Correctional Peace Officers Foundation. I would like to take this opportunity to thank you, Kim Blakley, and the Correctional Peace Officers Foundation for putting some ease on the burden placed on us. And, on behalf of all Correctional Officers, we appreciate the time and dedication the Correctional Peace Officers Foundation provides to keep on TAKING CARE OF OUR OWN.

Sincerely,

Anthony Valencia, Santa Maria, CA C/O Valencia is a Supporting Member. We thank him for this encouraging letter and are very pleased to know that Aria is doing so much better.

NECC FIRST ANNUAL GOLF TOURNAMENT for CPOF

On September 26, 2019 NECC held its first Golf Tournament to raise money for CPOF. It turned out to be a great day with a great group of people playing. We had teams from JCCC, WERDCC, 2 teams outside of NECC and numerious NECC employees with friends or family. On this day alone we raised \$3100.00 which puts us over the goal we set! We truly appreciate everyone that has supported this event and hope to have another one next year!

Recreation was the winning team with a score of 7 under Par. The JCCC team also scored 7 under Par, but they lost the match based on a play off drawing.

You represented NECC very well......GOOD GAME !!

THANK YOU AGAIN FOR ALL YOUR SUPPORT!

Ms. Labio,

There are no words to express our appreciation for the check from CPOF. It will help immensely with some of the expense incurred during my wife's double transplant. On December 26, (2019) she received a new heart and a new liver. It was a congenital heart defect that led to this 43 years later. It has been a struggle, but things are now better for her. She is in rehab and we think she will be out of the hospital within a couple of months. Please accept our gratitude and thanks to the Foundation.

Sincerely, Sergeant Tracy Carawan, Swan Quarter, NC

Sergeant Tracy Carawan works at Hyde CI. During Mrs. Carawan's rehabilitation she had to stay nearby Duke Hospital where she had her surgery, 180 miles away from the Carawans's home.

Ms. Labio.

I would like to thank you for everything that the CPOF did for me during my medical issue. It means so much to my family and me. Please also express my gratitude to all of the members of the CPOF Board. I have returned to duty and so far, everything "medical wise" has been going great.

Again, thank you so much for taking care of us! Darren Daves, Correctional Sergeant III

Hello! This is Laura Matthews. I am proud to be the CPOF's North Carolina Representative, starting in 2013.* I want to tell all of you what we have done in North Carolina over the past seven years.

We have:

- Acquired over 3,100 active Supporting Members.
- Assisted 1,233 North Carolina Correctional families through our Catastrophic Assistance Program, for a total of \$747, 464.00.
- Assisted the surviving families of 13 North Carolina Officers who lost their lives in the Line of Duty, for a total of \$515,000.00.

Five of these Corrections professionals were killed in the year 2017. Four were from the same facility, Posquotank CI. The first to be killed in that terrible year worked at Bertie CI. All were honored at our 2018 Annual National Memorial Ceremony at **Project 2000 XXIX** in Houston, Texas.

These accomplishments were made possible by the loyalty and generosity of our Supporting Members, and by the strong support we receive from the North Carolina Department of Public Safety and throughout the United States.

THANK YOU, ALL!

*Must give a shout-out to my husband, Ricky, who has been my faithful assistant from the very beginning!

In February 2020 Sergeant Daves, a Supporting Member at Alexander CI, suffered a collapsed artery in the middle of his brain that caused a mini stroke, memory loss and numbing on one side of his body. We are very pleased to know that Sgt. Daves's recovery is progressing so well.

On January 1, 2020 C/O Michael Parent of Souza Baranowski CC was assaulted by multiple inmates. His nose was broken, requiring surgery, and he suffered many fractured bones. His other injuries consisted of: multiple teeth knocked out, severe concussion causing broken blood vessels in both eyes, and contusions over his entire body.

Co-worker C/O Anthony Kelly was one of the first responding Officers to try to help C/O Parent. However, he too was savagely attacked. C/O Kelly's jaw was broken in three places, requiring surgery. He also suffered fractured vertebrae, requiring him to be fitted with the medical device known as a "Halo" around his head and neck to stabilize his spine Additionally, several of C/O Kelly's teeth were knocked out, and he had a number of facial bone fractures that required

surgery. Above: C/O Kelly (left) and C/O Parent (right) with their CPOF assistance checks. Between them is Robert Dunn, retired from the Massachusetts DOC.

On November 7, 2019 C/O Robert Wood, a Supporting Member at Souza Baranowski CC, was assaulted by an inmate, who struck C/O Wood multiple times in the head and slammed his face into a metal door frame. The inmate then wrapped his arms around Officer Woods's neck and slammed him to the floor. Then two other inmates joined in and began kicking and stomping C/O Wood. Once Staff responded to the scene, C/O Wood got to his feet and actually helped to restrain the inmates. C/O Wood was then sent to an outside medical facility to be treated to the many injuries inflicted to his head, face and ribs.

Right: C/O Wood with his CPOF check and Robert Dunn.

My name is Robert Dunn. As you can see, I had the honor of presenting assistance checks to three Officers who were assaulted at Souza Baranowski CC. I retired in 2016 after serving 25 years in the Corrections Profession for the Massachusetts Department of Corrections. I retired as a Lieutenant from MCI Norfolk. I had the privilege of serving on the Honor Guard, Special Operations Tactical Unit and Employee Assistance Unit as the Coordinator of the Military Peer Support Program.

I have been a Supporting Member of CPOF for many years and proudly became a part of the CPOF National Honor Guard Team in 2017. In February of this year we had a two-day practice at the main office in Sacramento, California. We proudly welcomed C/O Shauntia Brown from Shelby County in Tennessee as a new CPOF Honor Guard member. We practice each year to prepare for our National Memorial Service which, sadly, due to the virus has been postponed to September 3-6 in Bloomington, Minnesota.

When we can regain our "new normal" I plan to continue addressing the Academies and visit prisons in Massachusetts. If you are already a Supporting Member – thank you. It's because of individuals like you that we able to assist Officers like those above. If you are not a Supporting Member and you are reading this publication for the first time, check out our web page and download an application.

Thank you.

December 19, 2019

Seasons Greetings to the Correctional Peace Officers Foundation.

I am Lieutenant John Dyson, State of Connecticut Department of Correction.

I want to thank you for your gift to my family and me with respect to the passing of my wife, Denise, on November 19, 2019.

I have witnessed your generosity from the time I first joined the CPOF in 2005 when I was a Correction Officer with the State of Maryland Division of Correction. Officer David Warren McGuinn was murdered in July 2006 and the CPOF invited his family to their June 2007 Annual National Memorial Ceremony where Officer McGuinn was honored. CPOF also provided the McGuinn family with their substantial death benefit.*

I thank you again, and look forward to being a help whenever I can.

From the Dysons, we thank you.

Lieutenant John Dyson is a Supporting Member at Brooklyn CI. John's wife, Denise, passed away due to complications from cancer.

The CPO Foundation also assisted the family of C/O Jeffery Wroten of Roxbury CI, State of Maryland Division of Correction, who died in the line of duty on January 27, 2006 and was also honored at the June 2007 Memorial Ceremony.

Several years earlier, we had assisted the family of C/O Gregory Collins of Eastern CI, State of Maryland Division of Correction, who lost his life in the line of duty on June 4, 2001.

C/O Christopher Thomas, also of Brooklyn CI, passed away unexpectedly at the age of 40 in December 2019. His family received a CPOF bereavement assistance check to put toward funeral expenses. Left: C/O Thomas; his wife, April; and their children, Taylor and Madison.

I want to personally thank you and the CPO Foundation for everything. My family and I appreciate the acknowledgment and assistance that you have given us in this matter. Thank you again for all you have done for me and the rest of this amazing profession. You all are AMAZING!

Sergeant Brett Coughlin works at Montana State Prison. He was in an auto accident on July 18, 2019. Sgt. Coughlin suffered several serious injuries. He had to have surgery on 12/30/19 to repair his left bicep tendon, as it was broken. There were also a few spots on the left labrum in his shoulder that needed to be repaired. He was off work for a couple of months healing and recovering. We are very glad to report that Sgt. Coughlin made a full recovery and started back to work full time in the beginning of March 2020. Collections Tech Dianne Grant, a Supporting Member at Montana State Prison, has Meniere's disease in her right ear. This affliction is caused by excessive fluid in the inner ear, resulting in recurrent incidents of imbalance. CT Grant had a cochlear implant placed in her right ear in 2013. She was already deaf in her left ear.

In late 2019 she suffered an ear infection that caused a Meniere's attack, resulting in CT Grant losing 25-40% of hearing in her right ear. She needed to have her implant replaced; however, her insurance denied her claim.

Montana Representative Lisa Hunter recommended assistance for CT Grant, who is pictured at right with her CPOF check. With this check and money from her savings account, Dianne was able to order her new cochlear implant processor on May 13, 2020. She is so grateful to be able to get this processor so she can still hear with her right ear.

South Carolina

As we all know, there is much chaos going on in the world. There are many things we cannot understand, where the world/our lives may be headed. I would like to encourage each and every one of you to dig deeper within ourselves, to see more than what has only been reaching the surface. There is a

marvelous story of a man who once stood before God, his heart breaking from the pain and injustice in the world. "Dear God," he cried out, "Look at all the suffering, the anguish and distress in your world. Why don't you send help?" God responded, "I did send help. I sent you." (– David J. Wolpe)

We must stand tall and be that help. During these trying times we must all do our part, to love each other and protect each other during this global pandemic. No greater time than now does the motto of the CPOF apply to us all: "Taking Care of Our Own."

I would like to let the Correctional Staff of South Carolina as well as everyone else in the CPOF family know that you are in my thoughts and prayers daily! Gary R. Evans

Chaplain and South Carolina Field Representative

Truck Driver Lisa Hill is employed by the South Carolina DOC. Truck Driver Hill had a heart attack on February 12, 2020. She was airlifted to a hospital where she received two stents to relieve artery blockage. She remained in ICU for several days. Above: Richard C. Hodgkiss, Director of Support Services & Industries for the SCDOC presented Truck Driver Hill with a CPOF assistance check to help with her substantial medical expenses.

Above: C/O Shawn Moore, a Supporting Member at Broad River CI, underwent surgery to remove one of his toes. He was off work for several months recovering. Gary Evans recommended assistance for C/O Moore during this time. Pictured: Major Carter Gary Evans, C/O Moore and Warden Stephan.

Evans Correctional Institution
On March 5, 2020, Evans CI Executive Staff
presented Lt. Damon Clark (a Supporting Member)
with a check from the CPOF. Lt. Clark headed home one
morning after work and found that his house had burned
down. He and his family lost everything, and they had to
move to a hotel for a considerable time.

Lt. Clark has been employed with the South Carolina Department of Corrections since December 28, 2005. Above: A/W Hubbard, A/W Gause, Lt. Clark and Warden Stonebreaker (who recommended Lt. Clark for assistance).

What is the Correctional Peace Officers Foundation?

The Correctional Peace Officers (CPO) Foundation is a national, non-profit charitable organization created in 1984. The CPO Foundation is dedicated to the preservation and support of the surviving family of Correctional staff who lost their lives in pursuit of their chosen profession of protecting the public from those remanded to Correctional Custody and Supervision in the nation's prisons and jails. Thus, first and foremost:

- The CPO Foundation is devoted to sustaining and assisting, financially and emotionally, the surviving families of Correctional Officers and/or staff who were slain in the line of duty or assaulted at the hands of incarcerated felons.
- The CPO Foundation strives to promote and project a positive image of the modern Corrections profession and its practitioners, both internally and publicly.
- The CPO Foundation hosts an event called **Project 2000** each June that features an annual Memorial Ceremony to honor Correctional Staff across the Nation who have lost their lives in the line of duty.
- The CPO Foundation operates an extensive Catastrophic Assistance Program to assist Correctional Staff and/or their families in times of emergency, extreme personal crisis or other critical needs.
- The CPO Foundation is registered with the Internal Revenue Service under IRC 501 (c)(3), 509 (a)(1) and 170 (b)(1)(a)(vi) Tax ID # 68-0023302. All donations are tax deductible to the extent allowable by law. The CPO Foundation is headquartered in Sacramento, California.

YOU can become a supporting member of the Correctional Peace Officers Foundation for as little as a \$5.00 per month donation!

Catastrophic Assistance Program (CAP)

The Correctional Peace Officers (CPO) Foundation defines as catastrophic a situation in which an Officer or Correctional Staff member suffers extreme financial hardship as a result of serious illness, injury or other dire event. The majority of the Catastrophic Assistance Program's funds derive from the contributions of the CPOF's Supporting Members. It is therefore prudent and necessary for our Catastrophic Coordinators, along with our contacts at individual facilities, to verify the nature and extent of a financial need.

Remember: You are our "eyes and ears" at your facility. If you know of someone who is in need of assistance due to a recent catastrophic event, contact us at **mail@cpof.org.**

The Journey

by Connie Summers-Humphrey CPOF California Representative

After reading this issue of the **CPO Family** many are on their next Journey of Life. In mid 1995 a perfect opportunity was set into place for me to become involved with an organization called the Correctional Peace Officers Foundation. For those who were lucky enough to have met Jean Smith, the "Grandma" of CPOF, and to work with her, as I did, consider yourself fortunate. Jean was wise and knew her way around the country quite well. Jean's husband Ed worked at Youth Training School (YTS), later renamed Heman G. Stark Training School. Both Jean and Ed introduced CPOF to the Youth Authority in California.

Jean Smith

After traveling with Jean for a while, I made a decision to become a full time Field Representative to answer a much-needed call, Taking Care of Our Own. Though if it weren't for the fine CPOF contacts in some of the institutions that took their own time to help me promote CPOF during shift changes, the journey and effort would have been more difficult and challenging.

My duties expanded to other states, Washington with Jean Smith and Colorado with Robert Wright. Robert also introduced me to Virginia where I worked for nearly six years.

Sarah Haynes

Our Field Representative in Ohio is Ms. Sarah Haynes. She is fabulously possessed with class and wisdom, and we two have had some great journeys together. Sarah's daughter, Bonita, was murdered on

August 6, 1996 while on her job as a Correctional Case Manager at Lima CI. I cannot think of Bonita without also remembering Youth Counselor Ineasie Baker of Heman G. Stark Training School (mentioned above) who was murdered on August 9, 1996, three days after Bonita was killed.

During the last ten years I consider myself fortunate to have joined up with a sensational "guru," Mr. Charles Bennett. Charlie is retired from CDC and helped me sharpen my skills as a CPOF Representative. He has been an incredible friend, as is

Connie and Charlie

Mr. Horace Little who I believe helped groom Charlie. Mr. Little retired after 30 years in Corrections as a Correctional Health Administrator. Horace is in his mid 80's and has a young mind and heart. The man today continues to travel the world and stays active in martial arts. Wow!

Leaving the best for last is our Charleene Corby, CEO of the CPOF. Char mixes her bowl of compassion, love and concern for all of her Field Reps and creates magic!!!

The road to success is not straight. There are curves, hurdles, cautions and red lights. But if you have a Spare called Determination, an Engine called Perseverance, Insurance called Faith, and a Driver called Jesus, you will make it to a place called Success.

CHANGE SERVICE REQUESTED

PRESS RELEASE FROM COBA NYC June 18, 2020

TWO BRAVE NYC CORRECTION OFFICERS ASSIGNED TO K9 DIVISION THWART ATTEMPTED INMATE ESCAPE FROM RIKERS ISLAND TODAY!

"Thanks to the heroic actions and quick thinking of K-9 Correction Officers McCardle and Braska, an attempted inmate escape was thwarted earlier today at Rikers Island. These two brave officers immediately jumped into action to bring the inmate back into custody without any regard for their own safety.

We proudly salute them for their bravery and for reminding the public the critical role Correction Officers play every day in maintaining public safety."
